

NICE-EV 2026: Nusantara International Conference on Electric Vehicle

Engineering the Mobility Backbone
of Indonesia's Future Capital

Date:
August 20, 2026

Location:
Nusantara / Balikpapan, Indonesia

Organizers:
THD OIKN × FSTI ITK

IKN Nusantara: The Ultimate Living Laboratory

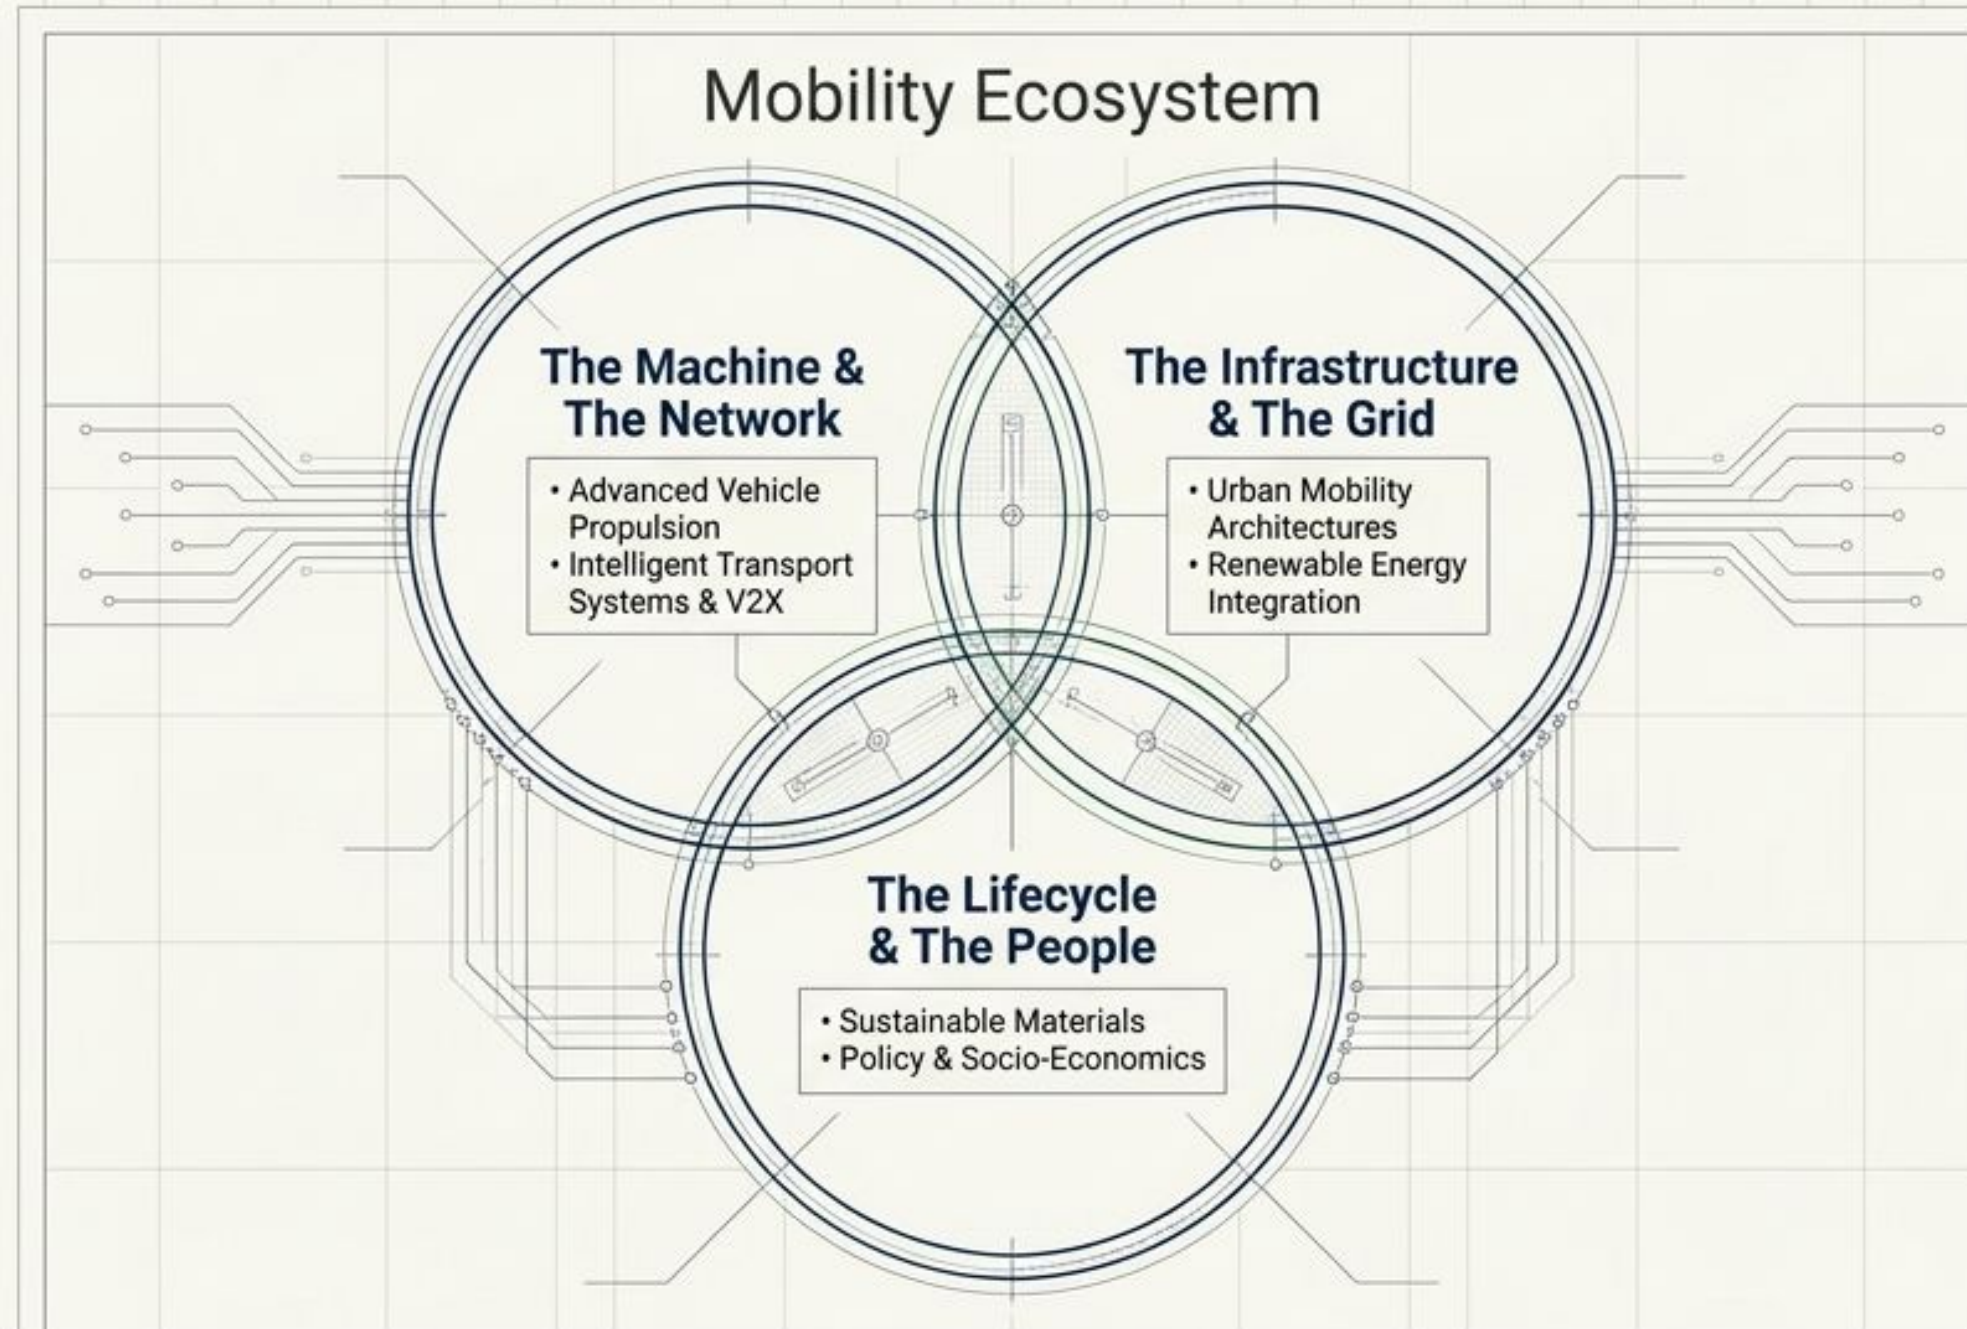

NICE-EV 2026 bridges cutting-edge academic research with real-world, ground-zero industrial deployment for **zero-emission mobility**.

“

Integrating Indonesia's future capital into the global EV supply chain.

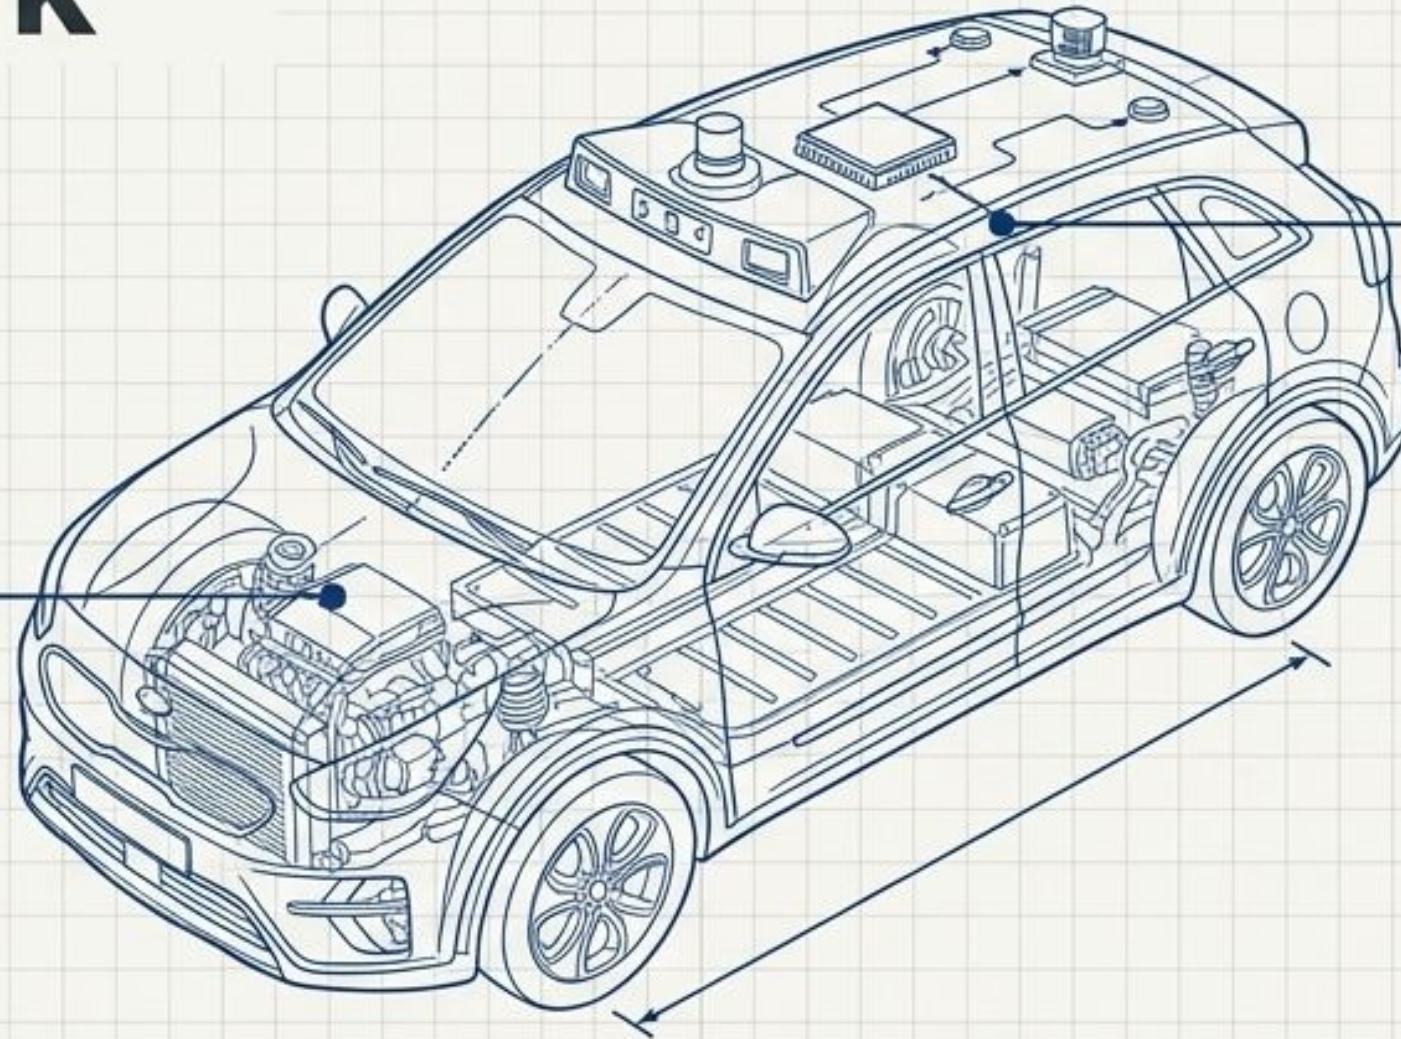

Host Vision – Otorita Ibu Kota Nusantara (OIKN)

The Multidisciplinary Framework

A unified approach spanning hard engineering to socio-economic deployment.

The Machine & The Network

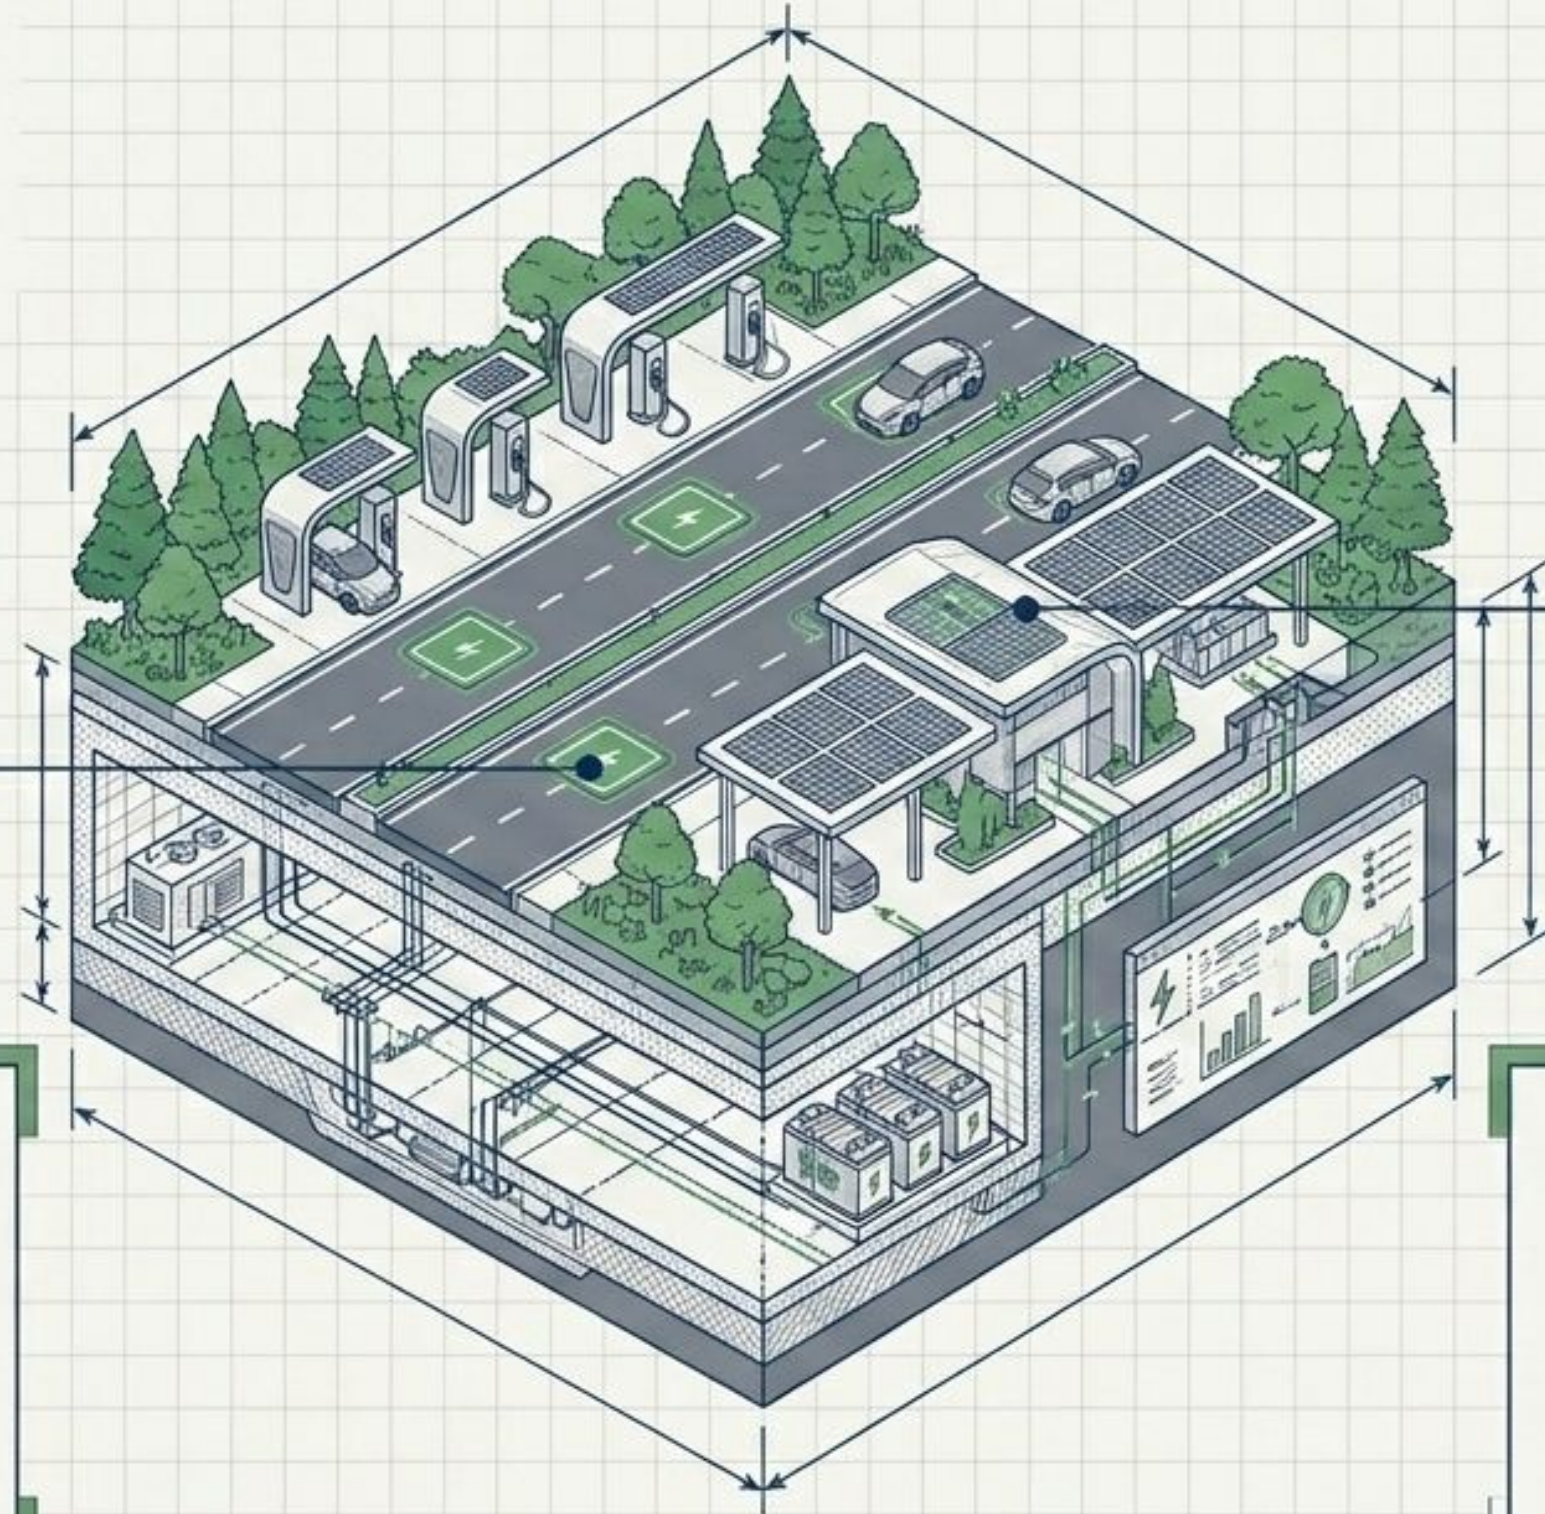

Internal Architecture (Propulsion & Power)

- Next-gen motor drives
- High-density power converters
- Battery Management Systems (BMS)
- Thermal management for high-humidity

Digital Architecture (ITS & V2X)

- V2X communication
- 4G/5G integration
- Autonomous driving algorithms
- IoT for traffic management & cybersecurity

The City & The Grid

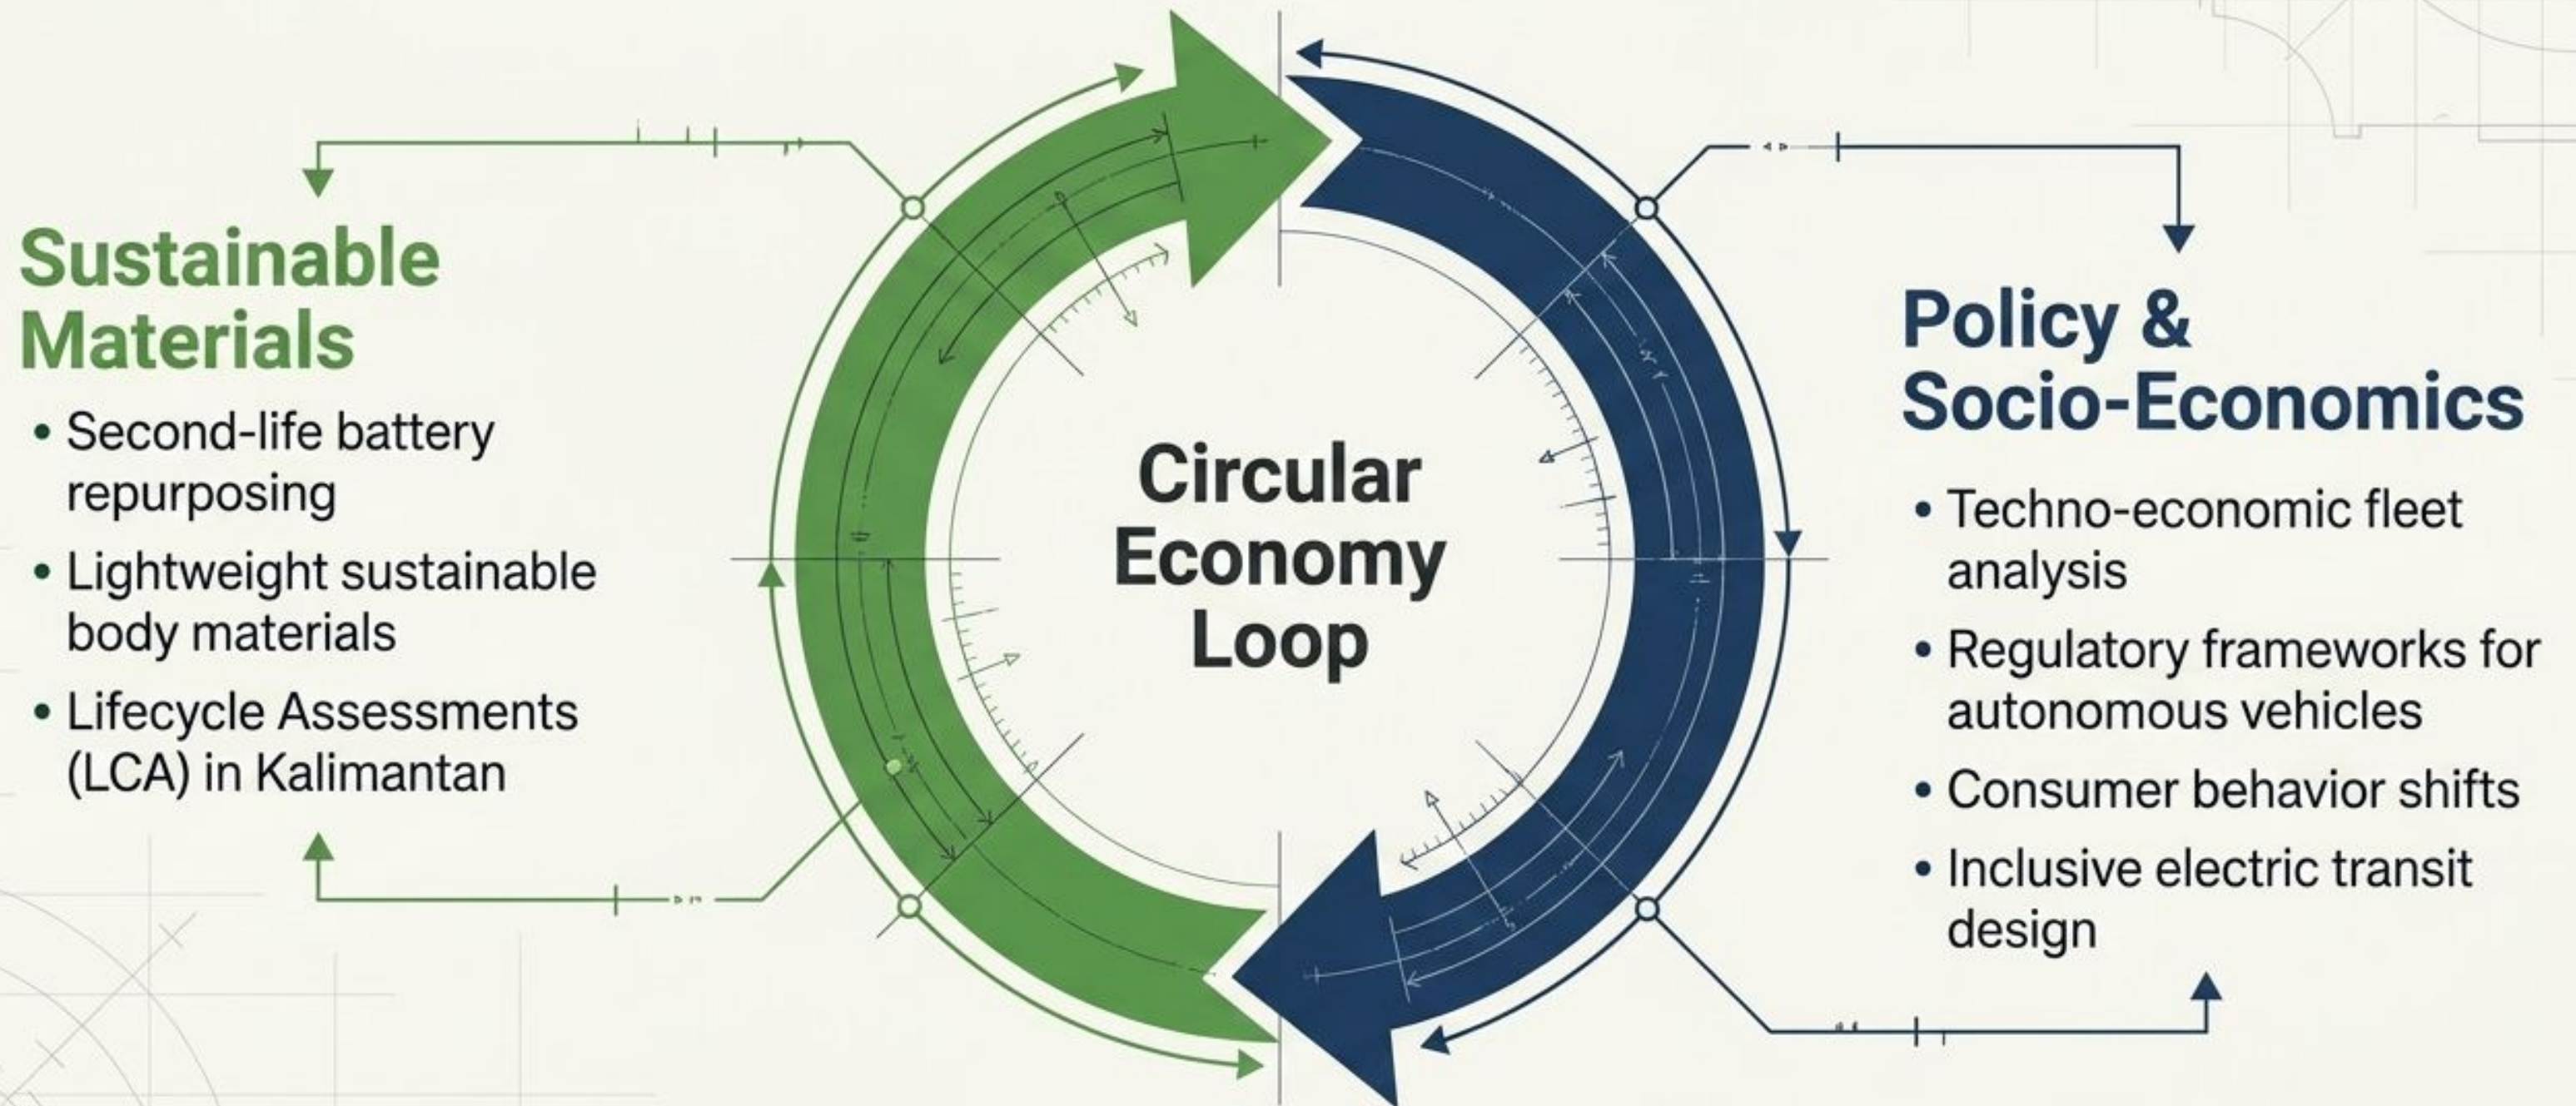

Urban Architectures

- Inductive wireless charging roads
- Modular EV docking stations
- Mobility hub design in forest environments

Renewable Logistics

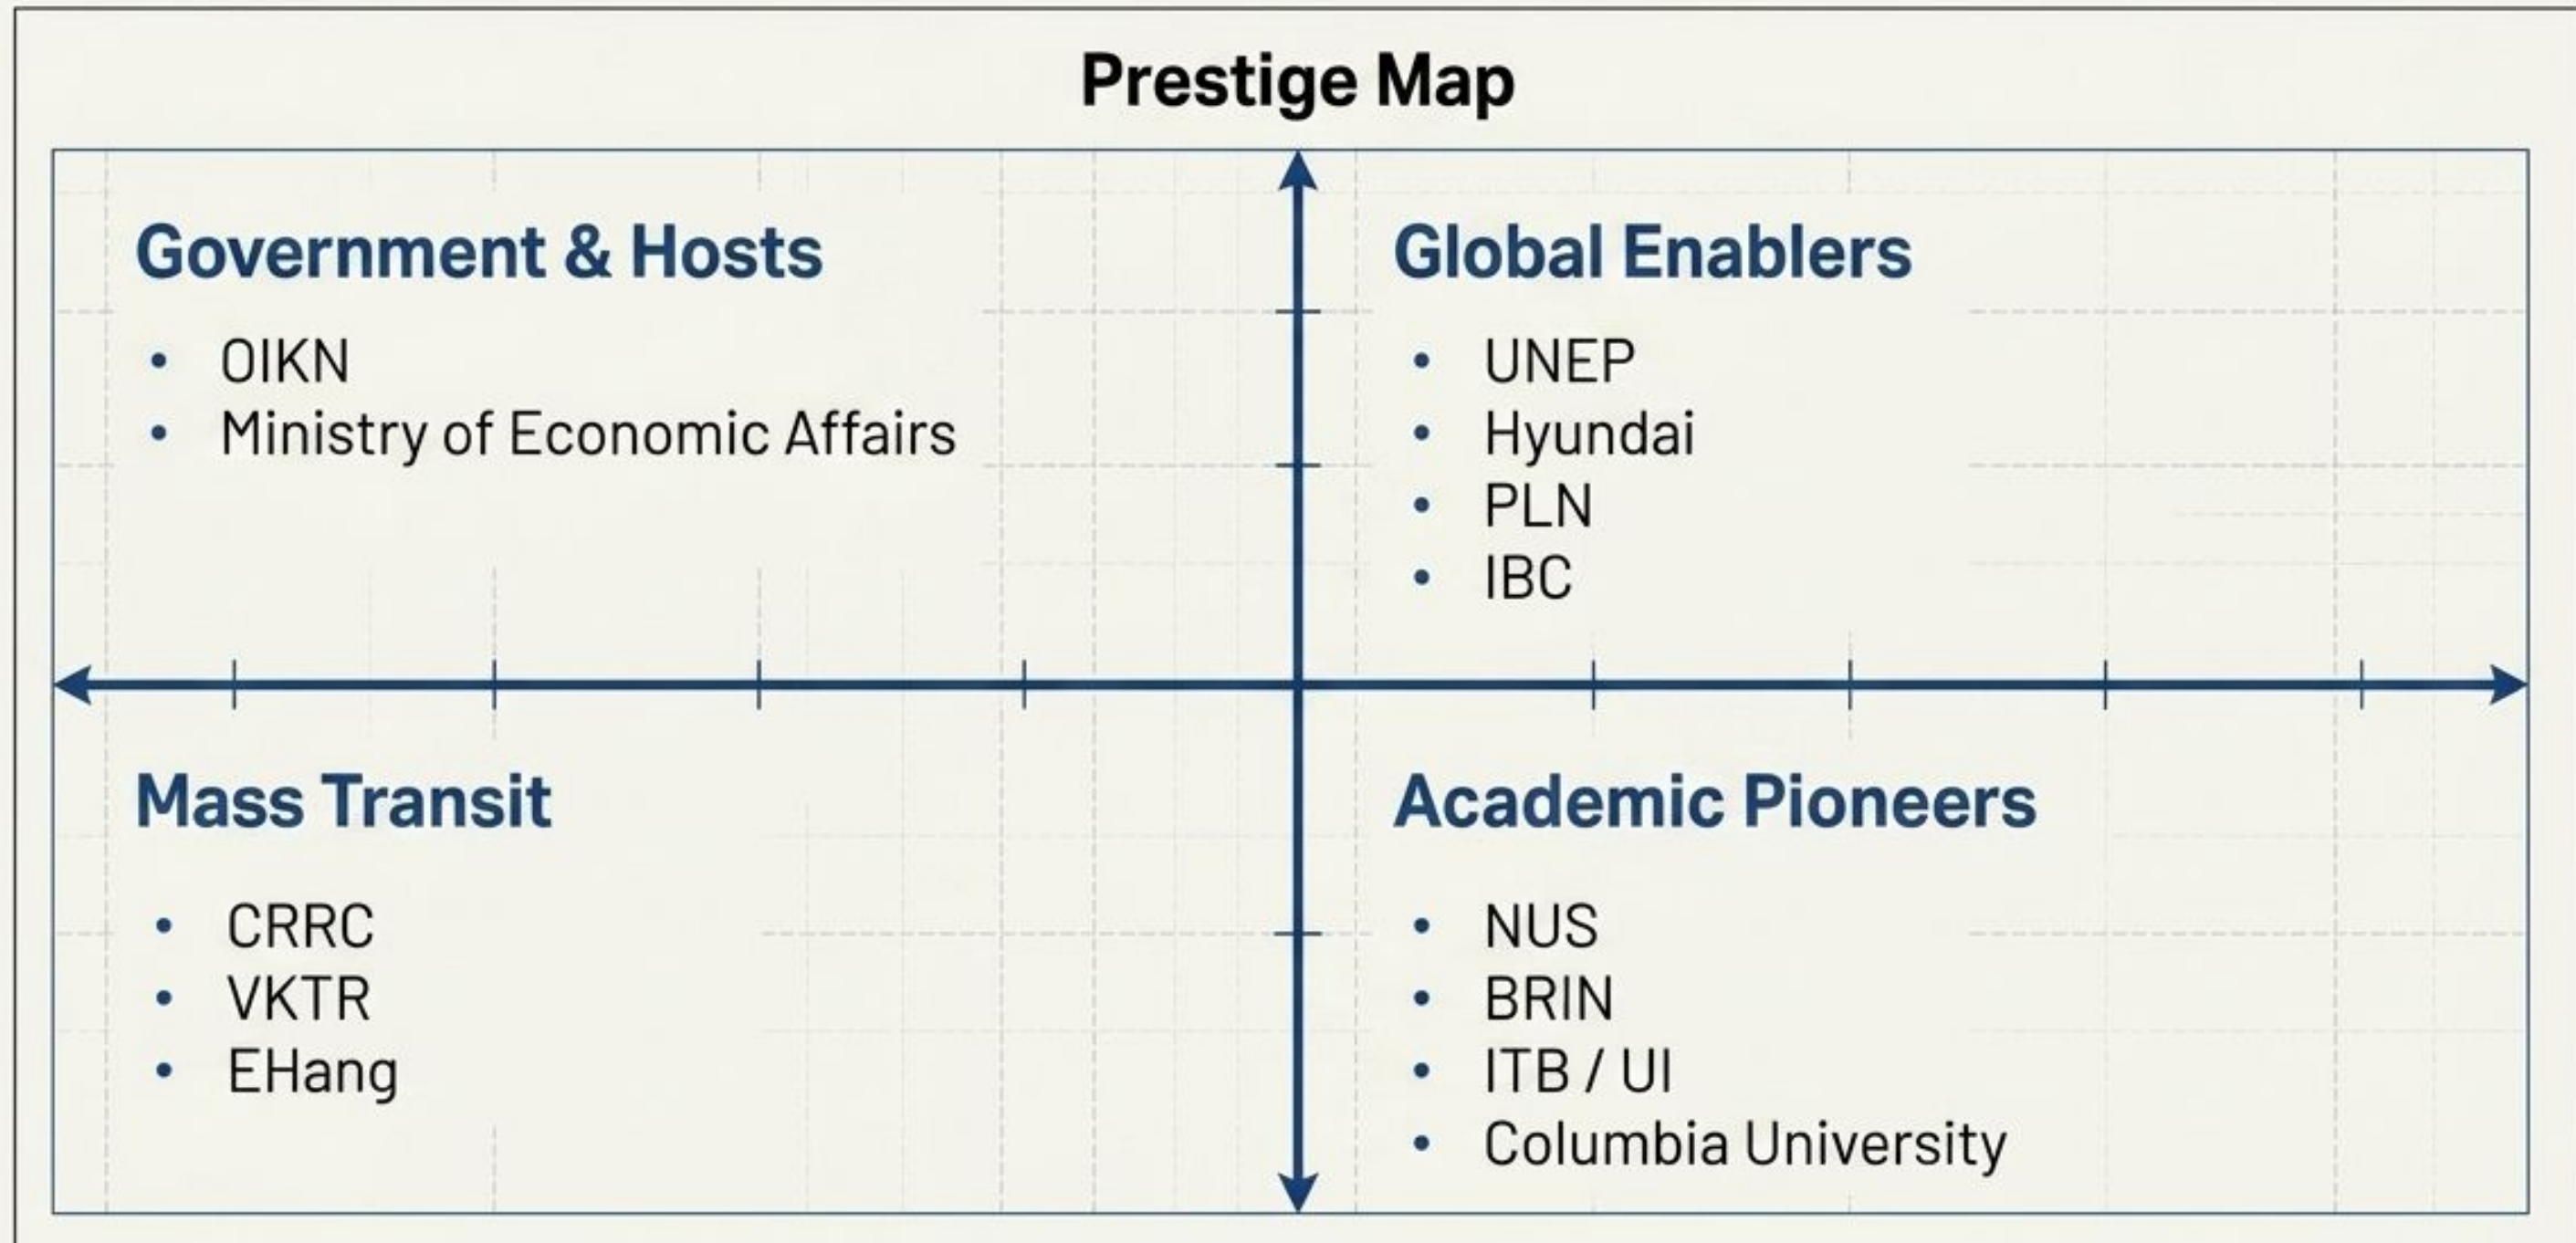

- Solar-powered charging networks
- Roadway energy harvesting
- Optimized charging scheduling
- Battery swapping architectures

The Lifecycle & The People

The Prestige Ecosystem: Where Sectors Converge

Unparalleled intersection of researchers, state-owned enterprises, global tech enablers, and policymakers.

Visionaries & Policymakers

Basuki Hadimuljono

Otorita Ibu Kota Nusantara
(OIKN)

IKN Nusantara: The
Ultimate Living Laboratory
for Zero-Emission Mobility.

Airlangga Hartarto

Coordinating Ministry for
Economic Affairs

Integrating IKN into the
Global EV Supply Chain.

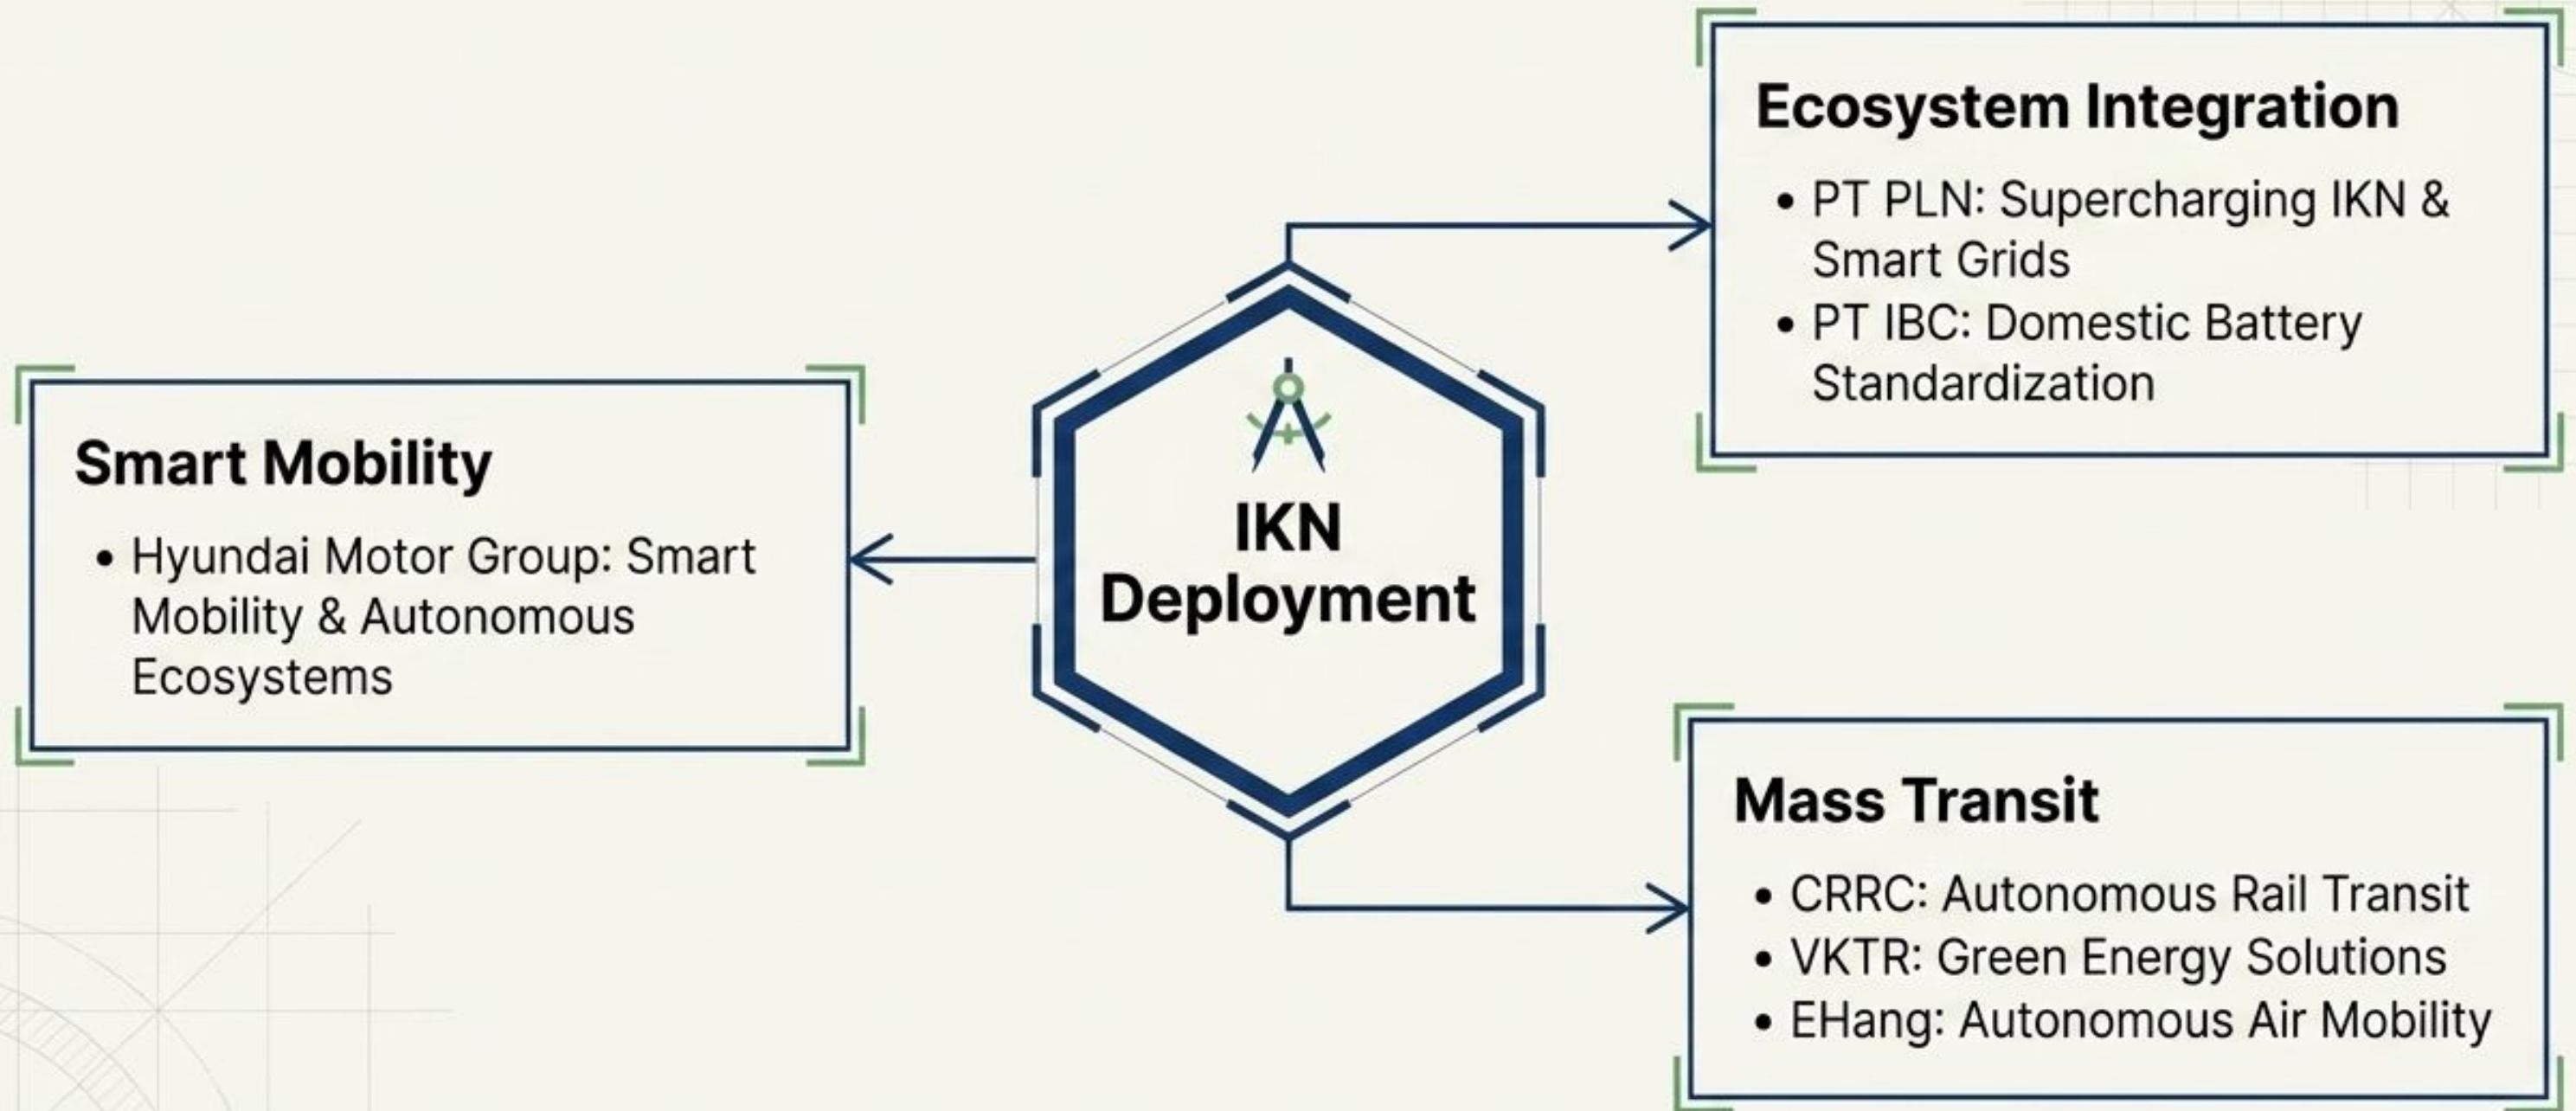

Inger Andersen / APAC Rep

United Nations Environment
Programme (UNEP)

Leapfrogging to
Sustainable Transport:
Lessons for Emerging
Green Capitals.

Global Tech & Industry Enablers

Research & Academic Pioneers

National University of Singapore (NUS)

Prof. Ho Teck Hua

Topic: Urban Micro-grids & EV Charging Optimization

BRIN (National Research and Innovation Agency)

Dr. Haznan Abimanyu

Topic: Adapting EV Tech to Tropical Environments & Material Durability

ITB / UI

Prof. Danang Parikesit

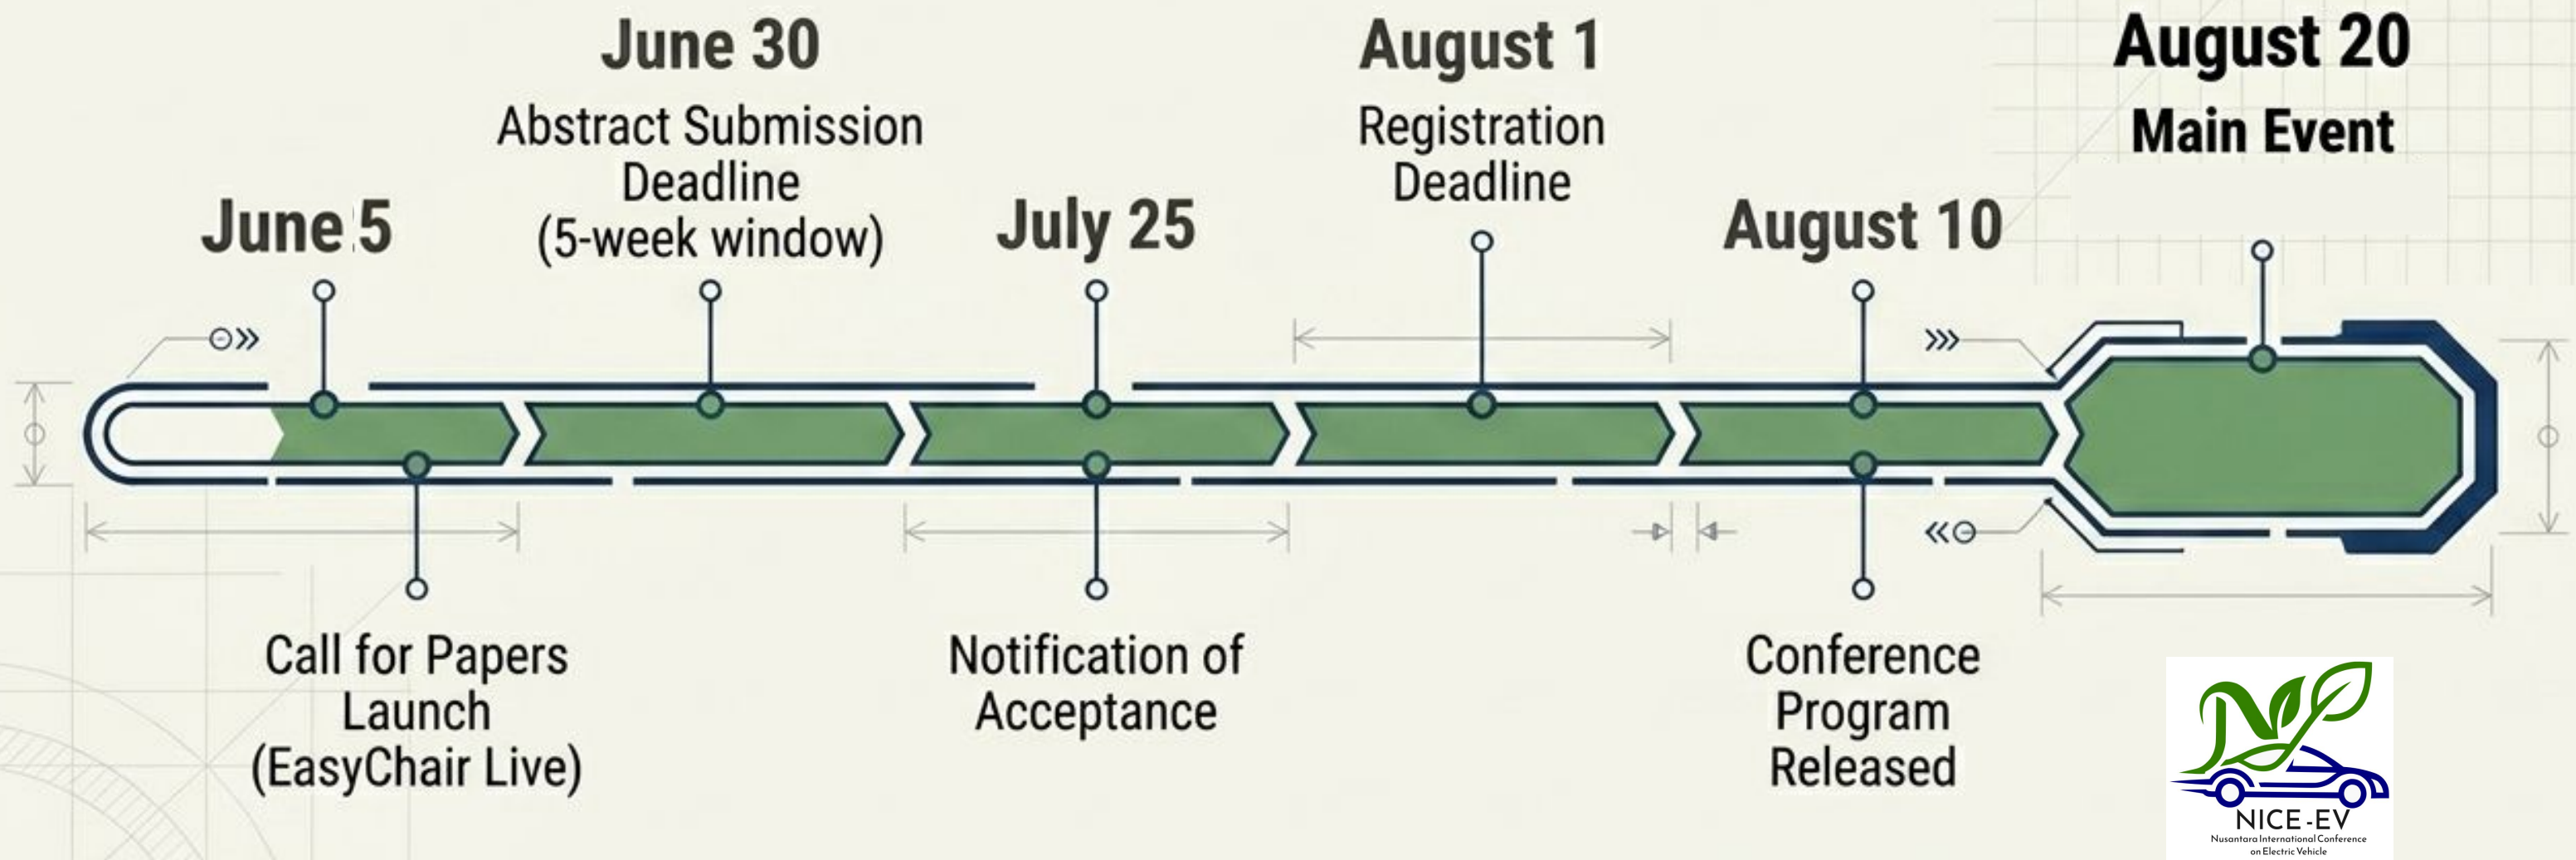

Topic: Social Acceptance & Transitioning Civil Servants to 100% Electric Mobility

Columbia University

Prof. Markus Schlöpfer

Topic: Large-scale Photovoltaic Integration

The Acceleration Track: 2026 Timeline

August 20: Day at a Glance

Morning: The Vision

07:30 – 11:30

- Registration & Arrival
- Traditional Dance Performance
- Host & Rector Remarks
- First Keynote Speech
- Symposium Session

Afternoon: The Science

13:00 – 17:00

- Lunch Break
- Focused Parallel Sessions
- Announcement of Best Presenter & Best Paper

Evening: The Celebration

19:00 – 21:30

- Gala Dinner

The Venue

**ITK Balikpapan as the official Transit Hub
for local participants to go to IKN by
provided buses**

Main Venue: Core Area IKN

Call for Submissions & Participation

1. Submit

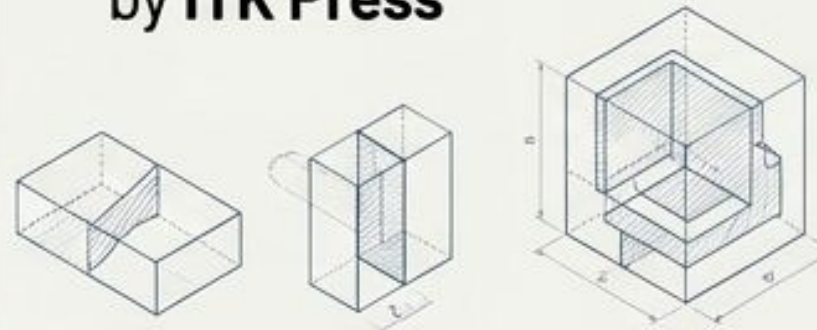

Platform: EasyChair
Integration

2. Publish

Dual-track prestige:

- Selected full texts proceed to Scientific.net
- All abstracts published in Book of Abstracts (ISBN) by **ITK Press**

3. Register

- Domestic/Int'l (1 presentation): **FREE**
- Additional Presentation: **IDR 500,000 / USD 50**
- FSTI ITK Students: Free limited seats (no presentation / Gala)

Strategic Partnerships: Sector **ROI** Matrix

Target Industry Sector	Strategic Brand ROI at IKN
EV & Auto Manufacturing (BYD, Wuling, Hyundai)	Primary fleet provider branding & latest tech exhibition .
Energy & Infrastructure (PLN, Pertamina)	Exploration of SPKLU & Smart Grids in Kaltim/IKN.
Tech & Digital (Telkom, Huawei, GoTo)	Showcase 5G , ITS, and Mobility-as-a-Service integration.
Banking & Investment (Mandiri, BRI, BNI)	Boost regional image & back the digital payment ecosystem.
Resources & ESG (Pupuk Kaltim, Bayan)	Fulfill ESG criteria & direct CSR funds to global green research .

The Partnership Model

Single Tier Investment: IDR 20,000,000 / USD 1500

5 Deliverables

1. Plenary Slot: Dedicated 15-minute mainstage presentation.

2. Premium Branding: Official Industry Partner placement.

3. Exhibition Space: Dedicated physical booth for live demos.

4. All-Access Passes: Two (2) complimentary tickets including Gala Dinner.

5. Direct Reach: Promotional insert in every official conference bag.

The Committee

Advisory Board	Prof. Dr. Agus Rubiyanto, M.Eng.Sc. (Indonesia)
	Prof. Erma Suryani, S.T., M.T., Ph.D. (Indonesia)
	Ir. Khakim Ghozali, M.MT. (Indonesia)
General Chairman	Dr. Agung Indrajit, S.T., M.Sc (Indonesia)
	Adi Mahmud Jaya Marindra, S.T., M.Eng., Ph.D.
Vice Chairman	Boby Mugi Pratama, S.Si., M.Han.
	<i>Open for OIKN personnel</i>
Sponsorship, Publication, and Documentation	Aidil Saputra Kirsan, S.ST., M.Tr.Kom.
	Meidi Arisalwadi, S.Si. M.Si.
	Dwitami Sekarini, S.Pd
	Luh Appucha Pandu Liyanty, S.I.Kom
	<i>Open for OIKN personnel</i>
Secretariat and Finance	<i>Open for OIKN personnel</i>
	Desy Ridho Rahayu, S.Si

The Committee

Editorial Board	<i>More editorial boards are under confirmation</i>
	Dr. Moh. Januar Ismail Burhan, S.Si., M.Si.
	Dr. Musyarofah, S.Pd., M.Si.
	<i>Open for OIKN personnel</i>
Event	Fadli Robiandi, S.Si., M.Si.
	Happy Aprillia, S.ST., M.T., M.Eng., Ph.D
	Khairunnisa Rahmah, S.E., M.M.
	<i>Open for OIKN personnel</i>

Poster

NICE-EV 2026 : Engineering The Mobility Backbone of Indonesian's Future Capital

Nusantara International Conference on Electric Vehicles 2026

Augusts 20, 2026 | IKN (Coordinating Affairs Ministry 3 office)

Basuki Hadimuljono
(Head of Otorita IKN)

Topic : In Nusantara as the Ultimate Living Laboratory for Zero-Emission Mobility

Inger Edersen
(Executive Director, UNEP)

Topic : Leapfrogging to Sustainable Transport: Lesson for Emerging Green Capitals

Gi Sung Chang
(Head Of Hyundai Motor ASEAN HQ)

Topic : Deploying Smart Mobility and Autonomus EV Ecosystems in Future Cities

Prof. Ho Tech Hua
(President NUS)

Topic : Urban Micro-Grids and EV Charging Optimazation : Competarive Insight for Southeast Asia

Conference Scope

- Advanced Vehicle Propulsion and Power Electronics
- Intelligent Transport Systems (ITS) and V2X Connectivity
- Urban Mobility Architectures and Infrastructure Integration
- Renewable Energy Integration and Charging Logistics
- Sustainable Materials and Circular Economy
- Policy, Socio-Economics, and Human-Centric Mobility

The conference will feature:

- Plenary Sessions: Keynote addresses by distinguished scientists and experts.
- Parallel Sessions: Oral presentations of research papers and case studies.
- Poster Sessions: Display of research findings in poster format.

Abstract Submission :

All papers will be submitted via easy chair, via the link s.itk.ac.id/niceev2026

Contact Person :

Boby Mugi Pratama, S.Si., M.Han. (+62 821-5733-0131)
1 orang perwakilan IKN (00000000)
website : s.itk.ac.id/niceev2026
email : nice.ev@itk.ac.id

SUPPORTED BY : 

Important Dates :

- June 10 june - July 10, 2026
Abstract Submission Deadline
- July 25, 2026
Notification of Acceptance
- August 1, 2026
Registration
- August 10, 2026
Conference Program Released
- August 20, 2026
Main Event (IC-EVN 2026)

Registration fee :

- Free limited seats for FSTI ITK students without presentation
- Free for domestic and international participants (1 presentation)
- IDR 500000 for domestic participants with 1 additional presentation
- USD 50 for international participants with 1 additional presentation

Selected papers will be published to one ..

- Selected peer-reviewed full text papers: Proceeding in Scientific.net (No "Guaranteed" Indexing Label)
- Book of Abstracts with ISBN published by ITK Press for all submissions.

Budget Estimate

Kode	Uraian Suboutput/Komponen/ Subkomponen/Akun/Detil	Jumlah
521213	Honor Output Kegiatan	Rp 19,600,000.00
524111	Belanja Perjalanan Dinas	Rp 133,632,000.00
524211	Belanja Perjalanan Dinas Biasa Luar Negeri	Rp 23,216,000.00
521211	Belanja Bahan	Rp 180,200,000.00
522141	Belanja Sewa	Rp 50,000,000.00
522151	Belanja Jasa Profesi	Rp 27,600,000.00
Total		Rp 434,248,000.00
