

EV Conference Concept

THD OIKN x FSTI ITK

Proposed Conference Title and Topic

NICE-EV 2026

**Nusantara International
Conference on Electric Vehicle
Architectures 2026**

*“Engineering the Mobility Backbone of
Indonesia's Future Capital”*

Conference Scopes

To ensure **NICE-EV 2026** attracts a diverse range of high-quality submissions from different academic disciplines, the proposed scopes should span from "hard" engineering to "soft" urban planning and socio-economics.

- **Advanced Vehicle Propulsion and Power Electronics**
- **Intelligent Transport Systems (ITS) and V2X Connectivity**
- **Urban Mobility Architectures and Infrastructure Integration**
- **Renewable Energy Integration and Charging Logistics**
- **Sustainable Materials and Circular Economy**
- **Policy, Socio-Economics, and Human-Centric Mobility**

Conference Scopes

- **Advanced Vehicle Propulsion and Power Electronics**

- This scope targets electrical and mechanical engineers. It focuses on the internal "architecture" of the vehicle itself.
- **Keywords:** Next-generation motor drives, high-density power converters, Battery Management Systems (BMS), thermal management for high-humidity environments, and fast-charging hardware.

- **Intelligent Transport Systems (ITS) and V2X Connectivity**

- This covers the "digital architecture" and how vehicles talk to the city. It appeals to computer science and telecommunications researchers.
- **Keywords:** Vehicle-to-Everything (V2X) communication, 4G/5G integration, autonomous driving algorithms, edge computing and Internet of Things (IoT) for traffic management, and cybersecurity in connected fleets.

Conference Scopes

- **Urban Mobility Architectures and Infrastructure Integration**

- This discipline bridges the gap between civil engineering and urban design, specifically looking at how Nusantara's physical layout supports EVs.
- **Keywords:** Inductive (wireless) charging roads, modular EV docking station, the design of mobility hubs in forest environments

- **Renewable Energy Integration and Charging Logistics**

- This scope addresses how EVs retrieve energy and manage demand within the city.
- **Keywords:** Solar-powered charging stations, energy harvesting from roadways, optimized charging scheduling, and battery swapping architectures.

Conference Scopes

- **Sustainable Materials and Circular Economy**

- This scope attracts materials scientists and environmental engineers concerned with the lifecycle of the technology.
- **Keywords:** Battery recycling and repurposing (Second-life), lightweight sustainable materials for EV bodies, and environmental impact assessments (LCA) of mass EV adoption in Kalimantan.

- **Policy, Socio-Economics, and Human-Centric Mobility**

- This final scope covers the "social architecture"—how the transition to electric mobility affects the people and the economy of Nusantara.
- **Keywords:** Techno-economic analysis of EV fleets, regulatory frameworks for autonomous vehicles, consumer behavior in sustainable cities, and inclusive design for public electric transit.

Proposed Timeline

Milestone	Critical Date	Add. Info
Call for Papers (CFP) Launch	May 20, 2026	The website and submission portal EasyChair must go live immediately.
Abstract Submission Deadline	June 30, 2026	Authors only get about 5 weeks to submit.
Notification of Acceptance	July 25, 2026	
Registration	August 1, 2026	Final abstracts and registration fees are due to lock in the presentation schedule.
Conference Program Released	August 10, 2026	Release the final schedule so attendees can book their flights to the Balikpapan/IKN area.
Main Event (IC-EVN 2026)	August 20, 2026	Parallel Sessions & Keynote.

Proposed Rundown

Time	Activity Description
07:30 – 08:30	Registration and Participant Arrival
08:30 – 08:40	Safety Induction and Opening by Master of Ceremonies
08:40 – 08:50	Traditional Dance Performance
08:50 – 09:00	Opening Remarks by the Chairman
09:00 – 09:10	Opening Remarks by the Rector
09:10 – 09:15	Group Photo Session
09:15 – 10:00	First Keynote Speech

Proposed Rundown

Time	Activity Description
10:00 – 10:15	Question and Answer Session
10:15 – 10:30	Symposium Preparation
10:30 – 11:15	Symposium Session
11:15 – 11:30	Discussion Session
11:30 – 13:00	Lunch Break
13:00 – 16:00	Parallel Sessions
16:00 – 16:30	Closing Session Preparation
16:30 – 17:00	Announcement of Best Presenter and Best Paper, Closing Remarks

Proposed Rundown

Time	Activity Description
17:00 – 19:00	Gala Dinner Preparation
19:00 – 21:30	Gala Dinner

Potential Keynote and Invited Speaker

Peran / Kategori	Instansi / Perusahaan	Nama Pembicara / Perwakilan	Topik Bahasan
Keynote / Pemerintah (Host)	Otorita Ibu Kota Nusantara (OIKN)	Basuki Hadimuljono (Kepala Otorita IKN)	IKN Nusantara: The Ultimate Living Laboratory for Zero-Emission Mobility
Keynote / Pemerintah Pusat	Kementerian Koordinator Bidang Perekonomian RI	Airlangga Hartarto (Menteri Koordinator)	Indonesia's Strategic Roadmap: Integrating IKN into the Global EV Supply Chain
Keynote / Organisasi Global	United Nations Environment Programme (UNEP)	Inger Andersen (Executive Director) atau Perwakilan Region Asia Pasifik	Leapfrogging to Sustainable Transport: Lessons for Emerging Green Capitals

Potential Keynote and Invited Speaker

Peran / Kategori	Instansi / Perusahaan	Nama Pembicara / Perwakilan	Topik Bahasan
Invited / Industri Global	Hyundai Motor Group (Asia Pacific Division)	Gi Sung Chang (Head of Hyundai Motor ASEAN Headquarters) atau representasi pimpinan setara	Deploying Smart Mobility and Autonomous EV Ecosystems in Future Cities
Invited / Infrastruktur & BUMN	PT PLN (Persero) / PLN UID Kaltimra	Darmawan Prasodjo (Direktur Utama) / Muchamad Chaliq Fadli (General Manager PT PLN UID Kaltimra)	Supercharging IKN: Developing Ultra-Fast Charging Infrastructure and Smart Grid Technology
Invited / Transportasi Massal Global	CRRC Zhuzhou Electric Locomotive Co., Ltd.	Perwakilan Direksi (Sesuai penugasan korporasi)	Mass Electrified Transit: Scaling Up Autonomous Rail Transit (ART) for Urban Centers

Potential Keynote and Invited Speaker

Peran / Kategori	Instansi / Perusahaan	Nama Pembicara / Perwakilan	Topik Bahasan
Invited / Komponen & Ekosistem EV	PT Industri Baterai Indonesia (Indonesia Battery Corporation - IBC)	Aditya Farhan Arif (Direktur Utama)	Local Sourcing for Local Ecosystems: Powering IKN via Indonesia's Domestic Battery Standardization
Invited / Peneliti Internasional	National University of Singapore (NUS)	Prof. Ho Teck Hua (President of NUS) atau Direktur Centre for Energy Research	Urban Micro-grids and EV Charging Optimization: Comparative Insights for Southeast Asia
Invited / Peneliti Domestik	Badan Riset dan Inovasi Nasional (BRIN)	Dr. Ir. Haznan Abimanyu, Dip.Ing. (Kepala Organisasi Riset Energi dan Manufaktur)	Adapting EV Technology to Tropical Environments: Technical Challenges and Material Durability

Potential Keynote and Invited Speaker

Peran / Kategori	Instansi / Perusahaan	Nama Pembicara / Perwakilan	Topik Bahasan
Invited / Akademisi & Regulasi	Institut Teknologi Bandung (ITB) / Universitas Indonesia (UI)	Prof. Dr. Ir. Danang Parikesit, M.Sc. (Pakar Transportasi/Akademisi Senior)	Social Acceptance and Behavioral Shifts: Transitioning Civil Servants to 100% Electric Mobility
Invited / Peneliti Internasional	Columbia University USA	Prof. Markus Schlöpfer	Large-scale Photovoltaic Integration
Invited / Transportasi Massal Global	VKTR Teknologi Mobilitas	Perwakilan Direksi (Sesuai penugasan korporasi)	Green Energy Solutions for Mobility Electrification
Invited / Transportasi Massal Global	EHang	Huazhi Hu atau sesuai penugasan korporasi	Safe, Autonomous, and Eco-friendly Air Mobility

Sponsors Potential

Sektor Industri	Perusahaan / Instansi Target	Nilai Strategis bagi Sponsor
Manufaktur EV & Otomotif	BYD, Wuling Motors, Hyundai, PT VKTR (Bakrie Group)	Branding sebagai penyedia armada utama IKN dan pameran teknologi unit terbaru.
Energi & Infrastruktur	PT PLN (UID Kaltimra), PLN Icon Plus, Pertamina Patra Niaga	Eksplorasi infrastruktur SPKLU dan Smart Grid di wilayah Kalimantan Timur & IKN.
Teknologi & Digital	PT Telkom Indonesia, Huawei, Grab/GoTo Group	Showcase integrasi 5G, Intelligent Transport Systems (ITS), dan Mobility-as-a-Service.
Perbankan & Investasi	Bank Kaltimtara, Bank Mandiri, BRI, BNI (Regional)	Peningkatan citra regional dan dukungan terhadap digital payment ecosystem di Nusantara.
Sumber Daya & ESG	Pupuk Kaltim, Bayan Resources, Kaltim Prima Coal (KPC)	Pemenuhan kriteria ESG (Green Energy) dan alokasi dana CSR untuk riset global di Kaltim.

Brief Sponsorship Prospectus

- About the opportunity

NICE-EV 2026 serves as the premier international platform bridging cutting-edge academic research with real-world industrial deployment.

By focusing strictly on vehicle architectures, intelligent transport systems (ITS), and localized infrastructure challenges, this conference provides an unparalleled intersection for researchers, state-owned enterprises (BUMN), global tech enablers, and policymakers.

- Benefits

Plenary Speaking Slot: One dedicated 15-minute presentation

Premium Brand Placement: Equal, prominent logo branding as an "Official Industry Partner" across the conference homepage, digital stage backdrops, marketing broadcasts, and the official abstract booklet cover

Exhibition & Networking Space: A dedicated physical booth/table space for corporate literature or live product demonstrations.

Full Access Passes: Two (2) complimentary all-access registration passes covering all sessions including the Gala Dinner.

Conference Bag Insert: Inclusion of corporate promotional material (e.g., brochure, flyer, or branded merchandise/souvenir) directly inside the official conference bag distributed to every registered participant and keynote speaker.

Brief Sponsorship Prospectus

- Partnership Model

Single Tier

Investment: IDR 15,000,000 / USD 1000

EasyChair Conference Management

License Prices (in USD)

For executive and VIP licenses you will be asked to select the **minimum number of submissions**. If you select a larger number, you will receive a **discount of up to 40%**, see below, but you will also have to pay a non-refundable deposit for the minimum number.

Submission fees are charged per submission. The **setup fee** is a one-off fee for the conference for VIP licenses.

Plan	Setup fee	Submission fee					Maximum submissions
		No minimum	Minimum 200	Minimum 300	Minimum 500	Minimum 1000	
Free License							
							20
Professional License							
Pay as you go		4.00					60
Executive License							
Fixed price		6.20	5.50	4.90	4.30	3.70	
Pay as you go		6.70	6.00	5.40	4.70	4.00	
Deposit and final payment		7.40	6.70	5.90	5.20	4.40	

Processing fee
per submission:

USD 7.40

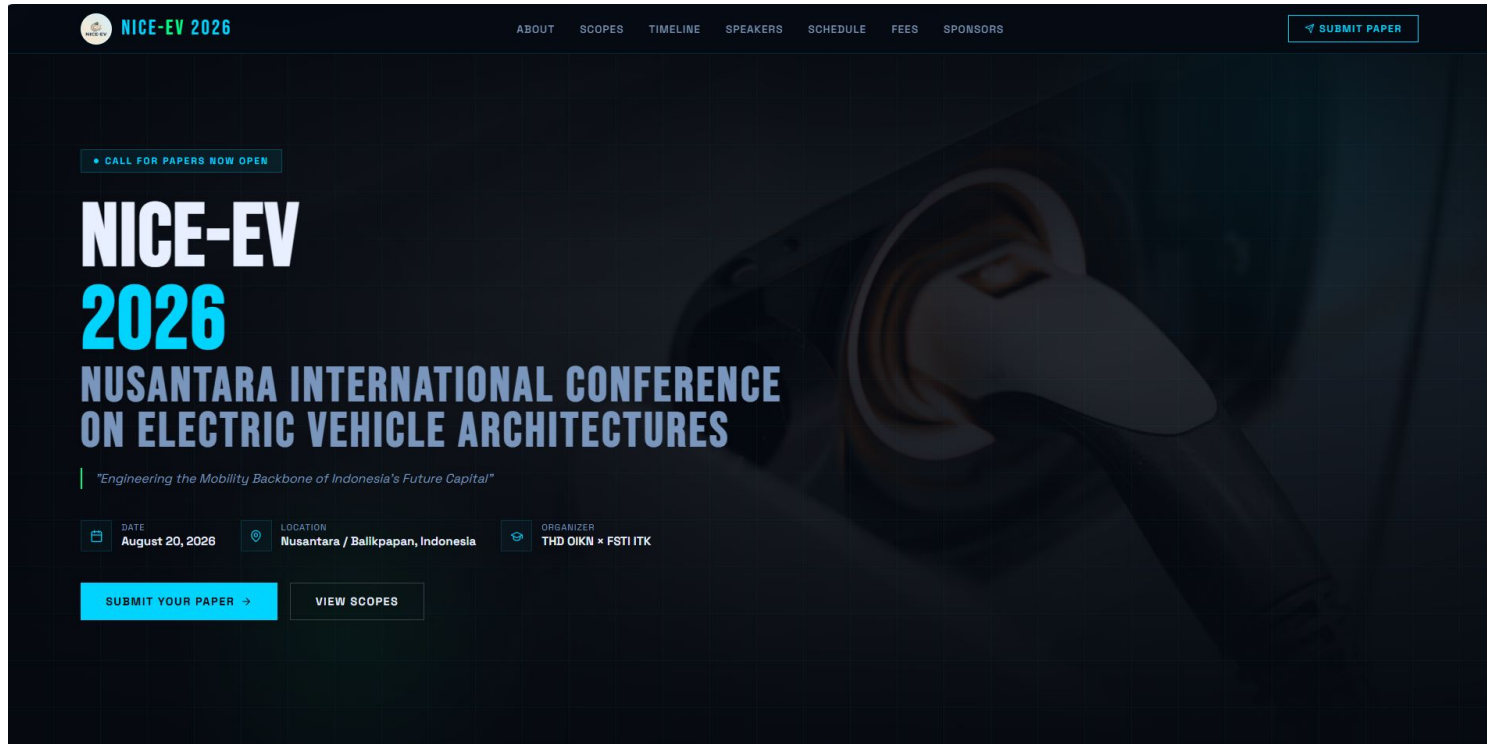

IDR 131,000

Submission and Publication

- Pre-conference:
 - Abstract submissions only.
- Post-conference
 - Selected peer-reviewed full text papers: Proceeding in Scientific.net (No "Guaranteed" Indexing Label)
 - Book of Abstracts with ISBN published by ITK Press for all submissions.

Website

<https://myst-tech.com/nice-ev/>

Fees and Registration

- Free limited seats for FSTI ITK students without presentation (without Gala Dinner)
- Free for domestic and international participants (1 presentation)
- IDR 500000 for domestic participants with 1 additional presentation
- USD 50 for international participants with 1 additional presentation
